DETAILED ACTION

1. Claims 1-20 of U. S. Application 09/809,731, filed March 15, 2001, are pending.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claims 1-20 are rejected under 35 U.S.C. 102(e) as being anticipated by Traut (U.S. Patent 6,651,132). The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Response to Arguments – 102 Rejection and Declaration

4. Applicant's arguments filed 12/22/2004 have been fully considered but they are not persuasive. Applicants argue that the Declaration supports the position that "...the Traut reference does not disclose an invention "by another"...". This is not correct. The Declaration only states that the inventor of the '132 patent was the sole inventor of the issued patent. The inventive entity for

Art Unit: 2128

the instant application is Giles et al., and thus the Traut patent is to another.

Applicants have made no other arguments.

Conclusion

5. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

6. A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
